REGISTER TO THE BASE

1. Put the Headset in the registration mode: press **Call**, **Volume+** and **Volume-** buttons at the same time and hold for more than 5 seconds.
2. The Headset is now connecting to the base station.
The system administrator can check that the Headset has been successfully registered to the base station on the base station interface.
3. After successful registration, put the Headset into the charger to update the Firmware.
It may take some time (up to 10 minutes)! Refer to the system administrator to check that the firmware upgrade has completed.

ASSIGN TO USER

1. Open *Collaboration* -> *Device selection* list
2. Expand *Device selection* list and click **+Add device**

3. Press **Call** button on your W-AIR Headset
4. The voice prompt pronounces the pairing code, consisting of four digits
5. Enter the code into the field *Pairing code*

6. W-AIR Headset appears in *Device selection* list of *Collaboration*.

SILENT MODE

Press **Volume+ / Volume-** button for 2 seconds from idle to enable / disable the silent mode.

ADJUST RINGER VOLUME

Press **Volume+ / Volume-** from idle to adjust the ringer volume.

MENU MODE

Press **AUX function** button from idle to enter the menu.

Use **Volume + / Volume -** buttons to navigate the menu. Press **AUX function** button to confirm the setting. Press **AUX button** twice to go back to the menu.

PLACE A CALL

Via ASR (Automatic Speech Recognition): press **Call** button when there is no active call and say the name.

Note: Feature requires a Premium license.

From Collaboration: select W-AIR Headset in *Device selection* list to place a call using W-AIR Headset.

From iOS/ Android Collaboration App:

1. Tap Dialpad icon
2. Tap **W-AIR HS**
3. Type the phone number
4. Tap the green Handset button.

INCOMING CALL

The LED indicator starts blinking with fast short green flashes and the ringer is played (in case "Silent mode" is enabled, only LED indicator blinks).

Answer an incoming call: press **Call** button.

Answer a second incoming call: press **Call** button for 2 seconds (active call is put on hold).

Swap: press **Call** button for 2 seconds to swap between two active calls.

Reject an incoming call: double press **Call** button.

HOLD

Press **Call** button for 2 seconds to put a call on hold / retrieve a call.

Note: this device supports up to two active calls / lines.

END A CALL

Press **Call** button to end a call.

ADJUST VOLUME DURING A CALL

Press **Volume+ / Volume-** button.

MUTE THE MICROPHONE DURING A CALL

Press **Mute** button.
